SEMINAR: R&D in Australian Local Government: Opportunities for UOW Researchers

PRESENTER: John Martin
Professor John Martin is Director of the Centre for Sustainable Regional Communities, La Trobe University, Bendigo. He is currently the Visiting Professor at ACE LG (2013-15). His own research interests relate to the institutional capacity of local government and the way in which they work with local communities to achieve sustainable outcomes.

WHERE: 6.105
WHEN: 10.30am Friday 2nd August 2013
RSVP: smart-facility@uow.edu.au

TOPIC
The Australian Centre of Excellence for Local Government was established in 2010 to undertake a range of initiatives to enhance the effectiveness of local government. Improving the breadth and depth of research is one of the key priorities of the Centre. In this session we will outline ACE LG’s approach to establishing research partnerships between university based researchers and local government. ACE LG’s aim is to assist Australian universities and local government partners by facilitating ARC Linkage applications between then.
