WHAT IS INFRASTRUCTURE SUSTAINABILITY?
CONNECT: SMART SEMINAR SERIES

PRESENTATION: Antony Sprigg
CEO, Infrastructure Sustainability Council of Australia

WHERE: 6.105
WHEN: 2pm, Tuesday 13 May 2014
RSVP: smart-facility@uow.edu.au

TOPIC
Learn what infrastructure sustainability and the IS Rating Scheme are, along with the associated drivers and industry and project/asset benefits. Be updated on which major infrastructure procurement agencies and projects are using the IS Tool in Australia as well as international traction and trends. Collectively explore collaboration opportunities between ISCA and the SMART Infrastructure Facility.
